

Challenges After Jail

SERVICES IN THURSTON COUNTY

A *Justice* **NOT JAILS** Forum

NAMI Thurston-Mason and **Justice not Jails** present a Zoom forum to educate the public about services available to people with behavioral health needs after they have been released from jail. These services are critical to helping people recover their lives after being involved with the justice system.

This is the third of three forums. The first forum explored how programs in Thurston County are preventing people with mental health and substance use disorders from entering the criminal justice system. The second forum presented programs for people while they are in jail and involved in the Court system. Forums 1 and 2 will be available for viewing at <https://www.ouuc.org/justice-not-jails/>.
